

# Konstantin Kovalev

## Experienced Full-Stack Problem Solver

Senior Full-stack web developer with over 15 years of experience in web technologies, bringing a unique blend of technical expertise and innovation to every project. Proficient in TypeScript/JavaScript stack on both the server and client side, passionate about cutting-edge technologies, and thriving on new challenges. Aiming to use skills, experience, and creativity to develop solutions that go beyond client expectations and foster business growth.

## Experience

### Lead Software Developer at CommuniGate Systems

2010 – Present · Moscow, Russia, Remote

As a Senior Front-end Developer, I'm responsible for solving all the architectural challenges in developing and supporting the Samoware HTML5 client for CommuniGate Pro Server, including CI/CD, code reviews, task management, etc. Our client browser application is a full-featured SPA (single-page application) that serves Email, Contacts, IM, Files, Calendars, Notes, etc., to provide an all-in-one solution for all kinds of businesses.

*React, TypeScript, SASS, JavaScript, Node.js*

### Sr. Full Stack Engineer at Sorger&Co

June 2021 – June 2022 · Toronto, Ontario, Canada, Remote

Supporting and implementing features to a legacy application for a Canadian customer, providing third-party API integrations, adding new server and client-side features, reviewing junior developers' code, and providing some infrastructural improvements.

*Node.js, React, Next.js, Koa, PostgreSQL, Sequelize, JavaScript, TypeScript, Docker*

### Full Stack Developer at Upwork

2018 – 2021 · Remote

Participating in freelance projects such as creating MVP applications for start-ups, providing API integrations, and creating custom Zapier applications.

*Node.js, React, SASS, JavaScript, TypeScript, Docker, Zapier, MySQL*

### Independent Consultant/Freelancer

2006 – 2010 · Remote

As an independent freelance developer, I created projects utilizing Adobe Flex on the client side and Java on the server side for a global customer base, including USA, Belgium, and Russia clients.

*Adobe Flex, ActionScript, Java, Spring, MySQL*
